Basic Rules:

2 Players: Dealer and Player

Each Player starts with 2 cards, only one Dealer card is revealed.

Each card has a number value.

For 2-10, it is the number of the card.
For face cards, the value is 10.
For Aces, the value is 11 or 1, whichever is more advantageous to the player.

Players goes first, either choosing to “hit” (receive another card) or “stay” (end their turn).

Dealer must "hit" when they have 16 or lower.

Game uses 4 decks to make “card counting” difficult. Deck is reused until it contains less than 20 cards, then reshuffled.

Lose Condition:

Bust: If a either player’s total score > 21, they lose and the other player wins.

Win Conditions:

Score: If neither player is over 21, the player with the highest score wins.
Ties: Push. Neither player wins and no money exchanges hands.
Natural Black Jack: If player first two cards add up to 21, player automatically wins.
